

### **Attention All Louisiana Medicaid Providers**

Effective immediately for the next 60 days, Louisiana Medicaid providers in the parishes below\* who were displaced as a result of Hurricane Katrina and wish to establish a **temporary** practice, may do so without obtaining an additional Medicaid ID number or completing additional Louisiana Medicaid or CommunityCARE enrollment documents. Providers must advise Louisiana Medicaid of their temporary address and telephone number by calling 1-800-609-3888. They should also call the same number to notify Louisiana Medicaid when they move back to their permanent location, as well as to ask any questions regarding this policy.
