

**Attention Users of the 5010 837P Claim Transaction:**

The current 837P Health Care Claim Companion Guide has been reformatted to the CAQH/CORE recommended Companion Guide format. The new format should be more uniform with Companion Guides issued by other Health Plan Payers and should also be easier to update. The new formatted guide is available on [lamedicaid.com](http://lamedicaid.com) under the HIPAA Information Center/5010v of the Electronic Transactions links with a revision date of August 2017.
