

Attention All Providers Receiving Electronic Remit Transactions (835)

In accordance with CAQH/CORE Rule 360 requirements, we have reviewed the CARC (Claim Adjustment Reason Code) and RARC (Remittance Advice Remark Code) code combinations issued October, 2018. There are no changes that impact the Louisiana Medicaid Program. The CARC and RARC codes appear in the v5010 835 transaction in CAS Segments and LQ Segments in the Service Payment Information section. The DXC Technology RF-0-77 (LA Medicaid/HIPAA Error Code Crosswalk) and RF-0-77-R (HIPAA/LA Medicaid Error Code Crosswalk) reports display the code combinations used in the Louisiana Medicaid Program. These crosswalks do not apply to Pharmacy (NCPDP) claims. These reports are posted on lamedicaid.com under the Forms/Files/User Manuals link.
