MEMORANDUM

DATE: July 13, 2019

TO: All Louisiana Medicaid Providers

FROM:  Jen Steele, Medicaid Director 

SUBJECT: July 2019 Tropical Storm Barry Information for Medicaid Pharmacy

On July 10, 2019, Governor John Bel Edwards declared a state of emergency for Tropical Storm Barry which is expected to make landfall along the gulf coast on Saturday, July 13, 2019. As a result of the gubernatorial emergency declaration, the required emergency measures should be taken for pharmacy services in the following parishes: **Jefferson, Lafourche, Plaquemines, St. Mary and Terrebone**, and additional parishes that may be added in the future.

Pharmacists Authority to Dispense Prescriptions in an Emergency

The Louisiana Board of Pharmacy reminded pharmacists about Section 519 of the Board's rules, titled *State of Emergency* that has been activated and is now in effect. This rule is automatically activated whenever the Governor of Louisiana declares and/or renews a state of emergency for some or all of the parishes of Louisiana.

The rule states, in part:

"1. A pharmacist may work in the affected parish(es) and may dispense a one-time emergency prescription of up to a thirty day supply of a prescribed medication if: (a) in the pharmacist's professional opinion the medication is essential to the maintenance of life or to the continuation of therapy, and (b) the pharmacist makes a good faith effort to reduce the information to a written prescription marked "Emergency Prescription", then file and maintain the prescription as required by law."

The above is noted to instruct pharmacists of prescription regulations during a time of emergency. This applies to all patients, regardless of whether they have public or private health insurance coverage or are uninsured. Reimbursement for the prescription is not addressed by this regulation.
