SECTION 2.3: OUTPATIENT SERVICES**PAGE(S) 7**

- Licensed professional counselors (LPCs);
- Licensed marriage and family therapists (LMFTs);
- Licensed addiction counselors (LACs); and
- Advanced practice registered nurses (APRNs).

LPCs may render or offer prevention, assessment, diagnosis, and treatment, which includes psychotherapy of mental, emotional, behavioral, and addiction disorders to individuals, groups, organizations, or the general public by a licensed professional counselor, that is consistent with his/her professional training as prescribed by R.S. 37:1101 et seq. However, LPCs may not assess, diagnose, or provide treatment to any individual suffering from a serious mental illness (SMI), when medication may be indicated, except when an LPC, in accordance with industry best practices, consults, and collaborates with a practitioner who holds a license or permit with the Louisiana State Board of Medical Examiners or a Louisiana licensed APRN, who is certified as a psychiatric nurse practitioner. (Reference: Louisiana Mental Health Counselor Licensing Act; Section 1103).

LMFTs may render professional marriage and family therapy and psychotherapy services limited to prevention, assessment, diagnosis, and treatment of mental, emotional, behavioral, relational, and addiction disorders to individuals, couples and families, singly or in groups that is consistent with his/her professional training as prescribed by R.S. 37:1101 et seq. However, LMFTs may not assess, diagnose, or provide treatment to any individual suffering from a serious mental illness (SMI), when medication may be indicated, except when an LMFT, in accordance with industry best practices, consults, and collaborates with a practitioner who holds a license or permit with the Louisiana State Board of Medical Examiners or a Louisiana licensed APRN, who is certified as a psychiatric nurse practitioner. (Reference: Louisiana Mental Health Counselor Licensing Act; Section 1103.) All treatment is restricted to marriage and family therapy issues.

LACs, who provide addiction services, must demonstrate competency, as defined by LDH, State law, Addictive Disorders Practice Act and regulations. LACs are not permitted to diagnose under their scope of practice under State law. LACs providing addiction and/or behavioral health services must adhere to their scope of practice license.

APRNs must be nurse practitioner specialists in adult psychiatric and mental health, and family psychiatric and mental health, or certified nurse specialists in psychosocial, gerontological psychiatric mental health, adult psychiatric and mental health and child-adolescent mental health and may practice to the extent that services are within the APRN's scope of practice.

Physician must be a psychiatrist or physician's assistant working under protocol of a psychiatrist.

Agency or Group Practice

To provide outpatient therapy, agencies must meet the following requirements:

- Licensed per R.S. 40:2151 et seq.
- Arrange and maintain documentation that all persons, prior to employment, pass criminal background checks through the Louisiana Department of Public Safety, State Police. If the results of any criminal background check reveal that the potential employee (or contractor) was convicted of any offenses against a child/youth or an elderly or disabled person, the provider shall not hire and/or shall terminate the employment (or contract) of such individual. The provider shall not hire an individual with a record as a sex offender nor permit these individuals to work for the provider as a subcontractor. Criminal background checks must be performed as required by R.S. 40:1203 et seq., and in accordance with R.S. 15:587 et seq. Criminal background checks performed over 30 days prior to date of employment will not be accepted as meeting this requirement.
- Arrange and maintain documentation that all persons, prior to employment, are free from Tuberculosis (TB) in a communicable state via skin testing (or chest exam if recommended by physician) to reduce the risk of such infections in recipients and staff. Results from testing performed over 30 days prior to date of employment will not be accepted as meeting this requirement.
- Establish and maintain written policies and procedures inclusive of drug testing staff to ensure an alcohol and drug-free workplace and a workforce free of substance use. (See Appendix D)
- Maintain documentation that all direct care staff, who are required to complete First Aid, cardiopulmonary resuscitation (CPR) and seizure assessment training, complete American Heart Association (AHA) recognized training within ninety (90) days of hire, which shall be renewed within a time period recommended by the AHA. Psychiatrists, APRNs/CNSs/PAs, RNs and LPNs are exempt from this training. (See Appendix D)
- Maintains documentation for verification of completion of required trainings for all staff.

NOTE: Psychiatrists are covered under the physician section of the State plan. However, psychiatrists often are employed by agencies that employ other licensed practitioners. For ease of reference, psychiatrist codes often billed under agencies are included in this section of the provider manual. However, psychiatrists may bill any codes under the physician section of the State Plan for which he or she may be qualified. Note that prior authorization or authorization beyond an initial authorization level of benefit is not a required CMS element for psychiatrist services under the Louisiana State Plan; however, the managed care entity may choose to require prior authorization for psychiatrist services or may prior authorize psychiatrist services beyond an initial authorization level of benefit at their option.

In general, the following MMIS provider types and specialties may bill these codes according to the scope of practice outlined under State Law. The specific provider types and specialties are permitted to bill each code is noted in the Excel rate sheet.

must bill the procedure code (CPT codes) with modifier “95”, as well as Place of Service “02”. Reimbursement will be at the same rate as a face-to-face service.

“Healthcare provider,” as used herein, means a person, partnership, limited liability partnership, limited liability company, corporation, facility, or institution licensed or certified by this state to provide health care or professional services as a physician assistant, hospital, nursing home, . . . registered nurse, advanced practice registered nurse, licensed practical nurse, psychologist, medical psychologist, social worker, or licensed professional counselor. *See* La. R.S. 40:1223.3(3).

“Telehealth,” as used herein, means a mode of delivering healthcare services that utilizes information and communication technologies to enable the diagnosis, consultation, treatment, education, care management, and self-management of patients at a distance from healthcare providers. *See* La. R.S. 40:1223.3(6). Additionally, “telehealth” means the use of interactive telecommunications equipment that includes, at a minimum, audio and video equipment permitting two-way, real time interactive communication between a provider and a patient. Telehealth allows services to be accessed when providers are in a distant site and patients are in the originating site. Telehealth facilitates patient self-management and caregiver support for patients.
