

## **ATTENTION PROFESSIONAL SERVICES PROVIDERS OCT 5, 2010 RA PAYMENT/RECOVERY ERROR**

Providers with payment plans established as a result of the claims adjustments on the RA of 9/22/10, may see an error on their 10/5/10 RA that caused the amount the provider was set to be paid this week to be recovered in-full. The error is being corrected, and the payments that were incorrectly recovered from providers over-and-above the weekly payment plan established will be re-paid by DHH. The Department is working diligently to get these repayments to affected providers as quickly as possible. Upon resolution, the correct negative balance will be re-established to allow correct deductions to be made on future RAs. Providers that did not have negative balances established due to budget adjustments and providers that requested that their negative balances be recouped in full are not affected by this error. Providers should continue to monitor future RAs and [www.lamedicaid.com](http://www.lamedicaid.com) for updates on these issues. Contact Molina Provider Relations at (800) 473-2783 or (225) 924-5040 with questions.
