As detailed in the RA published in June/July 2010, there are claims that reimbursed referencing the wrong fee on file on the RA's of 5/25/10, 6/1/10, 6/8/10, and 6/15/10. The fees & programming logic were updated and claims that previously reimbursed erroneously will be systematically adjusted on the RA of 8/10/10. No action is required by providers. A detailed list of the codes impacted has been posted on [www.lamedicaid.com](http://www.lamedicaid.com). Please contact the Provider Relations unit at (800) 473-2783 or (225) 924-5040 with questions concerning the error and adjustment of claims.
