

LEGEND

Listed below are some aids we hope will help you understand this fee schedule. If, after reading the information below, you need further clarification of an item, please call Molina Provider Relations at 1-800-473-2783.

COLUMN 1. TS (Type Service): Definition: Files on which codes are loaded and from which claims are paid. The file to which a claim goes for pricing is determined by, among other things, the type of provider who is billing and by the modifier appended to the procedure code.

Listed below is an explanation of the types of service found on this schedule.

58 - Take Charge Plus.

Nurse Practitioners, Clinical Nurse Specialists, and Physician Assistants are paid at 80% of the fee listed for physician services except for physician administered injections, long-acting reversible contraceptives (LARC's), immunizations, and EPSDT preventative medical screenings which are reimbursed at 100% of the physician services fee.

COLUMNS 2, 3 and 4. CODE, DESCRIPTION and FEE.

COLUMN 5. AGE MIN and MAX: Codes with minimum or maximum age restrictions. If the recipient's age on the date of service is outside the minimum or maximum age, claims will deny. The fee schedule cannot display age restrictions in days or months; therefore providers should follow Current Procedural Terminology(CPT) coding guidelines based on the age of the recipient on the date of service.

COLUMN 6. MED REV (Medical Review): Claims with some codes pend to Medical Review for review of the attachments or for manual pricing.

COLUMN 7. PA (Prior Authorization): Some services must be prior authorized before they are rendered. If a PA request is approved, a PA number will be issued for inclusion on the claim. If a PA request is not approved, no payment for the service will be made.

COLUMN 8. SEX (Restriction): Some procedure codes are indicated for only one sex.

COLUMN 9. PSR (Provider Specialty Restriction): If a code has a provider specialty restriction, reimbursement for its performance will not be made to other specialties.

COLUMN 10. SL (Service Limitation): Codes with frequency limitations. For example, this could include yearly or lifetime limits.

COLUMN 11. BASE UNITS: The base units for anesthesia codes.

COLUMN 12. X-OVERS (Only): These codes are payable for Medicare/Medicaid recipients only.

COLUMN 13. UVS>001: An 'X' in this column means more than one unit of service per day may be billed.
