STATE OF LOUISIANA DEPARTMENT OF HEALTH
OFS Form 24

Dear Provider:

It is the policy of the Bureau of Health Services Financing that the Medicaid Program only pay for in-office performance of certain laboratory and diagnostic services billed by practitioners if the following conditions are met:

1. The practitioner completed and has on file, with the Louisiana State Medicaid Program Provider Enrollment Unit, a completed OFS Form 24.
2. The completed OFS Form 24 fully describes the laboratory or diagnostic equipment required to perform these tests.
3. The OFS Form 24 information is updated as needed.

Our policy towards laboratory or diagnostic services performed outside of a practitioner's office remains unchanged. Practitioners may not be reimbursed for laboratory or diagnostic services ordered for their patients, if these services are performed outside of their office. Only the performer of a test may seek reimbursement for these services. Any interpretive service by the attending practitioner is reimbursed through the practitioner's visit payment.

The OFS Form 24 requirements only pertain to:

- 1) Those participating practitioners who own or lease laboratory or diagnostic testing equipment located in their office or place of practice - **and** -
- 2) The practitioners submit claims to the Medicaid program.

Example 1: Dr. Jones is an individual practitioner who owns or leases a SMA-12, EKG monitor and X-Ray equipment. Dr. Jones wishes to perform laboratory and diagnostic services on Medicaid patients in his office and bill the Medicaid Program for these laboratory or diagnostic services. Dr. Jones must complete the OFS Form 24.

Example 2: Drs. Smith, Jones, Doe, and Rae are a group practice. As a group they own or lease laboratory and diagnostic equipment. It is their desire to use this equipment in treating Medicaid recipients, and they will bill the Medicaid Program for these services. If each practitioner is individually enrolled in the Medicaid Program, each practitioner in the group must complete the OFS Form 24, even though the descriptive information will be identical. If the practitioners are enrolling as a group, only one OFS Form 24 is required as long as all members of the group are indicated.

Example 3: An individual or group practitioner utilizes an external source for laboratory or diagnostic tests. The individual or group practitioner would not complete the OFS Form 24, as they would not bill the Medicaid Program directly.

Sincerely,

Provider Enrollment Unit
