analyst), certified assistant behavior analyst, or registered line technician shall not have any Medicare/Medicaid sanctions, or be excluded from participating in federally funded programs (i.e., Office of Inspector General’s list of excluded individuals/entities (OIG-LEIE), system for award management (SAM) listing and state Medicaid sanctions listings).

Criminal Background Checks

The contracted provider must complete criminal background checks to include federal criminal, state criminal, parish criminal, and sex offender reports for the state and parish of employment and residence.

Criminal background checks must be conducted according to the following schedule:

	Initially	Frequency
Licensed behavior analyst	Enrollment application (current within a year prior to initial Medicaid application) or at time of hire	Update performed at least every five years thereafter
Certified assistant behavior analyst	At time of hire	
Registered line technician	At time of hire	

NOTE: Evidence of background checks must be provided by the contracted provider.

Registered Line Technicians

Upon enrollment and on a quarterly basis thereafter, the contracted provider shall submit to the MCO a list of Registered Line Techs (RLTs). The MCO is responsible for ensuring the contracted provider is in compliance with the requirements of the Louisiana Behavior Analyst Board.

ABA Record Keeping Standards

Providers shall maintain and dispose of records in accordance with all applicable laws, regulations, corporate policies, and organizational policies in a manner that permits compliance with the requirements of the BCBA code, state law and federal law.

All professional work shall be appropriately documented in accordance with the provisions

included in this manual in order to facilitate the provision of services later by the provider or by other professionals, to ensure accountability, and to meet other requirements of the Behavior Analyst Certification Board, Louisiana Behavior Analyst Board or the law.

Providers shall create, maintain, disseminate, store, retain, and dispose of records and data relating to their research, practice, and other work in accordance with applicable laws, regulations, and policies and in a manner that allows for the appropriate transition of services at any moment in time.

NOTE: All records and data must be maintained for at least seven (7) years unless otherwise required by law for a longer period.

Documentation shall accurately state the nature of the services previously and currently provided, the fees or charges, the identity of the provider, relevant outcomes and other required descriptive data. Providers shall have records that demonstrate all codes were delivered to the proper client and were billed and used properly.

There shall be a specific record for each individual client receiving ABA therapy from the providers.

Start and stop times shall be recorded for every code billed. It is not necessary to have a start and stop time for every unit; however, start and stop times shall be used at the beginning of the session, following a break that is 12 minutes or longer, and when there is a switch to a different billing code. The person delivering the service must sign, date, and include their credentials in the documentation for each day and distinct session. This daily documentation/log note will serve as a way of communicating important aspects of the treatment session with the next tech or provider.

The daily documentation/log note shall include all of the following:

- Names of session attendees;
- Start and stop time for each session;
- Narrative of what happened in the session:
 - Describe what programs/ interventions were run during the session;
 - Describe each attendees' responses to interventions through the session; and
 - Describe each attendees' barriers to progress;
- Documentation of correct billing code to be used;
