

### **Attention all Providers receiving Electronic Remit Transactions (835)**

In accordance with CAQH/CORE Rule 360 requirements, we are updating the CARC (Claim Adjustment Reason Code) and RARC (Remittance Advice Remark Code) code combinations as of December 22, 2014. The CARC and RARC codes appear in the v5010 835 transaction in CAS Segments and LQ Segments in the Service Payment Information section. The December 2014 versions of the Molina RF-0-77 and RF-0-77R reports display the new code combinations used in the Louisiana Medicaid Program. These reports are posted on [lamedicaid.com](http://lamedicaid.com) under the Forms/Files/User Manuals link.

There are RARC code changes for nine LMMIS edit codes: 410,468,630,674,751,752,756,778 and 927.
