

## **ATTENTION PROVIDERS: ACA-Eligible Claims Recycle for Nurse Practitioners**

RE: "ATTENTION PROVIDERS: ACA-Eligible Claims Recycle for Newly Attested Providers" posted on 1/27/2014.

On 1/28/2014, Molina recycled ACA-Eligible claims paid under legacy Medicaid or Bayou Health Shared Savings plans (Community Health Solutions of America and United Healthcare Community Plan). The recycle inadvertently excluded claims rendered by Nurse Practitioners. Another recycle will be completed on the 2/10/2014 RA to address these claims in order to pay the ACA rate. This recycle does not include Nurse Practitioner claims that did not indicate a referring provider on the claim. Providers must correct and resubmit those claims in order to receive the enhanced payment.
