

ATTENTION SPEECH THERAPY PROVIDERS

It was recently noted that codes 92521, 92522, 92523, and 92524, effective January 1, 2014, were inadvertently loaded with a PAC (pricing action code) 8FO instead of a PAC 850. This resulted in claims for outpatient hospitals paying incorrectly at a cost to charge ratio instead of the published fee schedule rates for these codes. The PAC for these codes has been corrected. Claims will be systematically recycled without any action required on behalf of the provider.

Please contact Molina Provider Relations (800)473-2783 or (225) 924-5040 for questions.
