

Logon Reminder for EPs

The new and improved online attestation portal, LAConnect, was successfully launched on May 1, 2013. The system is user-friendly and allows eligible Louisiana Medicaid professionals (EPs) and hospitals (EHs) to complete attestations for Adoption, Implementation, Upgrade and Meaningful Use.

After clicking on the red Provider Login button on lamedicaid.com, **EPs must use their individual login credentials to access LAConnect.** EPs must not login using the group's or practice's login credentials.
