

ATTENTION LOUISIANA BEHAVIORAL HEALTH PROVIDERS

Starting July 18, 2013, a notice was posted on Molina's web site and in RA messages from Molina informing providers that effective 8/6/2013 (date of payment), Medicare crossover claims for Behavioral Health services would be denied with new edit 133 and the claims would automatically be sent to Magellan for processing. We are notifying you that there is a delay in the automatic transfer, but that it will occur, just at a point toward the end of this month or early in September. Providers will continue to see these denials (edit 133) in Molina's processing system, and all of these claims (with payment date 8/6/2013 and after) will be transmitted to Magellan. No action is required on the part of the provider. We apologize for any inconvenience this may cause.
